

Missing NHW Street Lamp Signs

Coordinators sometimes report the loss of NHW Signs when lamp posts are replaced by Kent County Council contractors. If you experience this problem in your scheme you are advised to do the following to get a new sign through KCC. To do this please contact Sharon Thomas (KCC Street Lighting/Highways) on 03000 413836 or email her at Sharon.Thomas@kent.gov.uk Sharon will need the following details from you:

- Road, Town/Village and Post Code of your NHW scheme
- The exact location of the removed or replacement lamp post and its reference number (each post has a unique number -an example is shown in the photo below).
- Your Coordinators contact details.
